

Year 8 Latin Scholarship Revision, Lent Term 2008

1. You should take home the following for revision

- a. Your CE vocab list (Levels 1-3).
- b. Your scholarship wordlist
- c. Your Latin folder and Latin book for declensions, conjugations and grammar notes
- d. Your practice paper(s): Common Academic or Tonbridge paper I and II (Will Furlong, paper I only)

2. Computers

If you get home and find you have some notes missing there are some useful grammar website links on Cyberlatin (8L page) so you can print off whatever you need.

There are also some excellent online exercises for practising many of the above points on the Cambridge Latin website (link on Cyberlatin-8L page).

Don't forget to use the link to QUIA on the 8L page. You will find many CE vocab activities there.

I also recommend the Cambridge Latin vocab tester for Book III. This is a good way to pick up new scholarship style vocab.

If you have any questions do e mail me via the website or at the following address:
